

Technician Ham Radio Classes

Online classes with a two day course where you can learn everything you need to earn your Technician (1st level) FCC Amateur Radio License.

“The Technician License is great for emergency communications, regional contacts, and as a wonderful hobby”

Online classes with demonstrations begin on Saturday, Feb 16 and Feb 23, at 9AM-4PM.

FCC Test to be arranged at the end of the course with \$15 test fee.

Tuition for the course is free

Pre-study is a requirement:

Technician Study Guide (2018-2022 version)

by Gordon West (\$25) or

Fast Track to the Technician *by Michael Burnett*

(\$25)

Pre-class online tutorials (one hour) will be offered starting Saturday, February 9th to all registrants to enhance your learning, using live videoconferencing learning technique from your location

YOU MUST HAVE INTERNET, EMAIL AND A COMPUTER WITH AN INTERNAL SPEAKER

For further information and registration please contact: Mark Chung at

mchung@prodigy.net. or (562)-708-3893.
